

Akshay Benny

Full Stack Web Developer

✉ akshaybennyajh@gmail.com 📞 +91-9400261560 📅 09 Aug 1999 [in LinkedIn](#) [Github](#) [Portfolio](#)

📄 PROFILE

I am a web developer with a focus on creating secure, optimized, and responsive web applications. I am also passionate about staying up-to-date with the latest technologies and am constantly seeking to learn and grow as a developer.

🎓 EDUCATION

B.Tech Mechanical Engineering, *Cochin University of Science and Technology* [🔗](#) 2018 – 2022
• CGPA 7.57/10 India

📁 PROFESSIONAL EXPERIENCE

Full Stack Web Developer, *Lascade* Sep 2022 – present
Ernakulam

- Successfully developed and maintained multiple highly responsive and SEO-optimized front-end web applications, resulting in improved user satisfaction and search engine visibility.
- Collaborated in the maintenance of an express backend server to effectively handle and process large volumes of analytical data from various mobile and web applications.
- Designed and maintained a full-stack blog site featuring an intuitive admin panel for creating, reading, updating, and deleting blogs. Implemented SEO best practices to improve search engine visibility and drive traffic to the site.

Web developer intern, *Edureka* [🔗](#) Jul 2021 – Feb 2022

- Developed an e-commerce web application using the MERN stack, featuring user authentication and integration with payment gateway Razorpay.
- Designed an admin panel for managing and monitoring the platform.

🏆 AWARDS

Achieved first place in hackathon, *Sree Buddha College of Engineering* [🔗](#) 10 Dec 2021
Developed a Figma plugin that automatically identifies and resolves errors in designs, ensuring compliance with design guidelines for improved UI.

📁 PROJECTS

Gauss, *Next.js, Mongoose, MongoDB, MobX, Razorpay, Typescript, TailwindCSS* [🔗](#)
Designed and developed a full-stack e-commerce web application featuring responsive design, secure user authentication, and a fully featured admin panel for managing products, orders, and more. Implemented cart functionality and integrated a payment gateway using Razorpay.

The Social Spot, *Next.js, NextAuth, Firebase, Recoil, TailwindCSS* [🔗](#)
Developed a social media web application that allows authenticated users to share experiences through posts and interact with each other through likes and replies.

Figma Co-pilot, *React, Node.js, Typescript, Webpack, Figma*
Designed and developed Figma Co-pilot, a figma plugin that automatically identifies and resolves errors in designs on all layers to ensure compliance with guidelines and improve the design process.

Google Clone, *Next.js, Google Search API, TailwindCSS* [🔗](#)
Created a Next.js project that replicates the functionality of a search engine, allowing users to search the internet using the Google Search API.

SKILLS

Frontend Development (Next.js, React, React Query, Redux Toolkit, Recoil, MobX, Apollo Client, TailwindCSS)

Backend Development (Node.js, Express, Flask, Prisma, Mongoose, GraphQL)

Programming languages (Javascript, Typescript, Python, Ruby) | **Technologies** (Docker, Kubernetes, Git/Github, Figma)

VOLUNTEER EXPERIENCE
